About Air & Surface Logistics

Air & Surface Logistics provides businesses throughout the United States and worldwide, with integrated, door-to-door shipping solutions to over 150 countries, via air, ocean and ground. Since our founding, we have emphasized a level of personalized service and professionalism that sets us apart from the competition, with a client base ranging from Fortune 500 companies to the smallest of businesses. Our team of trained logistics professionals provides our customers with decades of experience in dozens of industries, including aerospace, manufacturing, entertainment, retail, amusement rides, oil field, automotive and many more.

At Air & Surface Logistics, we take business *personally*.
